

The screenshot shows the Chrome DevTools interface. At the top, the 'Elements' panel is active, displaying the DOM tree. Below it, the 'Console' panel shows a log entry for the \$rootScope object. The object has several properties: \$\$childTail, \$\$childHead, \$\$nextSibling, \$\$watchers, and \$\$listeners. The console also displays a message about the Chrome 106 update and a link to 'Performance insights panel updates'. The bottom of the image shows the Windows taskbar with various application icons.
